

Hi, this is Chief Paul Smith of the Littleton Police Department. Recently the Littleton Board of Selectman approved a temporary ban on street side parking on High Street in order to accommodate the increased traffic flow as a result of the Main Street Revitalization Project. Signs identifying the parking ban will be posted on both sides of High Street between Pleasant Street and Maple Street. Other areas of High Street may be posted in the future. This parking ban will remain in effect until September 30th. Thank you for your time on this matter, should you have any questions or concerns please feel free to contact me at the Littleton Police Department at 444-7711.
